Forrest all the NWPP paperwork goes out under Noelle Mill's signature...so whoever is pulling your "strings" needs to be told Noelle is the only one who "pulls the strings"....having said that if she reviews your proposed new work and says it is OK to add as a LOE increase to the existing task order that;s fine..we need to see some PWS as soon as possible to tell you whether or not this is doobable...

then keep in mind if it is that May 14 2013 would be a drop dead date and there will be no sole source roll over into NWPP=II to the same vendor as Fed Acquisition regs expressly prohibit that.
